Remarks: * From June 15, 1975 to January 1, 1979, the Ministry of Defense (Northern Army) looked after us.

* From January 1, 1979 to April 5, 1982, the Northern Security Service, Ministry of Internal Affairs took over.

* On Christmas Eve of 1979, the whole camp population of 5000 detainees celebrated the occasion solemnly.

The security guards rushed in to take away 2 people in K1.

Uniformly, detainees from 5 Ks staged a non-violent struggle right in the camp compound, by sitting in line orderly, demanding the release of the two fellow detainees. The camp committee reluctantly obliged after 3 hours but many groups of 10 to 20 people each were later transferred to Cai Mui prison and Ong Son prison in Tay Ninh province, as a result of the camp committee's secret investigations.

* The Northern Army established a special military court in 1977 in Tan Hiep camp to pass sentence and execute publicly by firing squad Majors Ha and Trinh, Intelligence and Military Security Officers of South Vietnam Army, who were recaptured during their escape attempts. One special procedure of the communist legislation is that a detainee is made available even prior to the trial during which a detainee has no right to defend himself and after which he will be blindfolded, gagged, tied up and shot in the spot.

* The communist re-education camps are sprouting up everywhere in the whole Vietnam territory despite their bragging of being a member of the United Nations. The camps exist in villages, districts, provinces, zones and in the Capital.

* These individual detainees to be mentioned:

1) Captain Van, Intelligence Officer, escaped from his camp in a night of 1981. The camp committee remained puzzled about his disappearance as no trace whatsoever of how he managed to escape was found. Captain Van was in HT1248-22-210.

2) Navy Captain Lee went on hunger strike to object to being treated cruelly, treatment not conforming to that of the Geneva Agreement about prisoners of war. He belonged to HT1248-22-211. He was transferred to camp clinic K30 and died there in 1982.

3) A Catholic priest by the name of Thanh, about 70 years old was jailed in Dai Nao prison in Saigon. He could not earn a release despite his ripe age and serious illness but was moved to clinic K30 instead. He remained here for a long time until his death on the 1st day of the lunar year of 1982. He was not shrouded until the 3rd day of the new year when his relatives were allowed to clothe his corpse for burial.

Early 1982, clinic 130 was annexed to X2 as all the other X2 had been dismantled in order to build another better camp in Dong Ha called Xong to Chai camp in Binh Long province.

Above is what I witnessed and know of. Apart from the possible time discrepancy, I can guarantee that the facts were 100% authentic.
