I wish to reaffirm the strong and energetic protest of the Government of the Khmer Republic against the illegal and permanent occupation of Cambodian territory, followed by savage attacks perpetrated by the Viet-Cong - North Viet-Namense against a neutral and peaceful country to which they have no right and with which they have no ethnic affinity, in flagrant violation of the United Nations Charter, of international law and of the 1954 Geneva Agreements. These criminal attacks reveal for all to see the annexationist aims of the Viet-Cong - North Viet-Namense communist imperialists and represent a dangerous threat to peace and security not only in Cambodia but throughout the region of South-East Asia.

The Government of the Khmer Republic holds the Government of the Democratic Republic of Viet-Nam and the so-called Provisional Revolutionary Government of South Viet-Nam entirely responsible for all the extremely grave consequences resulting from this situation and reserves the right to take any necessary action to defend the independence, sovereignty, neutrality and territorial integrity of Cambodia.

I should be grateful if you would have the text of this communication circulated as a Security Council document.
